Custom clearance by:

You.

Notes/special instructions for the carrier (road conditions, hydraulic lift, etc.):

---

---

Note: In order to meet the SOLAS (Safety of Life at Sea) requirements from the International Maritime Organization, the gross mass of a container must be verified prior to loading on a vessel. Please ensure that the packaging and the pallet weights are included in the gross weight provided above and specified on all documentation. For FCL shipments, it is essential that you transmit the VGM declaration before the container leave your premises (unless we have been asked to weigh the container and declare the VGM for this shipment).

Thank you and best regards,
